A large cross dominates the hillside near the Holy Transfiguration Monastery, Gibson's Landing, BC overlooking the scenic landscape of Vancouver, BC.

Saints Cosmas and Damian Adult Home

Saints Cosmas and Damian Adult Home is an adult care facility for the elderly committed to providing the highest quality of health and personal care services to its residents in an affordable and most cost-effective manner. Pleasantly located on a three-and-a-half acre site in Staten Island, the Home is a six-story, 270-bed facility centrally located in the New York Metropolitan area.

Sponsored by the Orthodox Church in America and licensed by the Department of Health of the State of New York, Saints Cosmas and Damian welcomes individuals for whom maintaining a household has become difficult, but yet who wish to maintain their independence, dignity, and privacy. We offer reasonably-priced accommodations with quality services and a diverse program of activities in a warm, secure, home-like atmosphere. Each room, either single or double occupancy, is fully furnished and has wall-to-wall carpeting, ample closet space, a telephone, and a private bath. Our facility includes lounges on every floor, two elevators, a library, and a laundry room. The main floor has open and spacious lounge areas, a recreation room, an arts and crafts room, a large dining room, and an Orthodox chapel.

Services provided for our residents:

- Three restaurant-style meals each day
- Two between-meal snacks
- 24-hour professional staffing
- Medical assistance
- On-site and off-site activities
- Personal care assistance
- Daily housekeeping service
- 24-hour concierge service
- Weekly personal laundry service
- Planned social and cultural events
- Orthodox worship services
- And many other great amenities!

Residents should be ambulatory (walkers are permitted) and able to take care of their own personal needs. Although Saints Cosmas and Damian is not a nursing home and therefore does not provide skilled medical care, a physician visits twice weekly and daily medication monitoring is available. Specialists also visit the Home regularly, and our staff will gladly make arrangements for all your other medical needs.

For residents with limited resources, the Home can assist in arranging for them to obtain supplementary governmental funding to which they may be entitled. Come join the Saints Cosmas and Damian family! You'll be glad you did!

For additional information, please contact:
