The committees of the Metropolitan Council of the Orthodox Church in America currently are: Ethics and Human Resources, Finance and Investment, Internal Governance, Legal, Technology, and Properties.

These committees must have at least three members of the Metropolitan Council to be qualified under New York State non-profit law. Additional membership on a committee from non-members should be termed consultants or advising members who are approved by Metropolitan Tikhon and the Metropolitan Council. Each committee should be a mix of clergy and lay people and take into consideration skill sets.

Additionally, there is an Internal Auditor Committee which is mandated by the All-American Council and is comprised of qualified external people who report to the Metropolitan Council.

Each committee chair is chosen within the committee and is responsible for all meetings, communication, and reporting.
